Art. 311.100.020
Magnetic Torpedo Spirit Level 20 cm, 1 mm/m Tolerance

Magnetic Torpedo Spirit Level 20 cm

Handy. Robust. Reliable – Your mobile assistant for everyday work.

The compact torpedo spirit level is the ideal solution for confined workspaces and the perfect companion for your tool bag. Designed for fast alignment and installation work in trade applications, it offers dependable standard measurement results with a solid accuracy of 1.0 mm/m.

Equipped with three robust vials, it provides maximum versatility for horizontal, vertical, and 45° alignments. Thanks to the built-in strong magnet, the spirit level adheres securely to metal surfaces, enabling comfortable, hands-free operation.

An indispensable tool for any tradesman on the go. (Note: Optimized for direct frontal measurement).

Ideal for retail: Also available in an attractive 6-piece sales display (Art. No. 311.100.020-D6) – perfect for counter sales and promotional areas.

Product Highlights

Compact & Mobile: Ideal for confined workspaces and easy transport in a tool case or on a belt.

3-Angle Versatility: Three integrated vials for precise measurements in horizontal, vertical, and 45° positions.

Strong Magnetic Adhesion: Secure hold on metal pipes and steel beams for hands-free work.

Reliable Alignment: 1.0 mm/m measuring accuracy (UV Class II) for precise assembly work.

Precision in Every Length – The Spirit Level Family

UV-tested quality, shockproof vials, and extra-strong magnets for efficient, hands-free work on metal structures. Available in lengths from 20 cm to 100 cm for maximum flexibility in any application.
