PHASE OUT ITEM

Art. 32081C
LED work lamp T2500 + tripod

LED Work light T2500 with extendable telescope stand
3-legged metal construction for a secure stand
Lamp rotating 360°
Extendable from 69 to 165 cm
European plug

24 Watt
64 SMD LED
Energy class A++
930 Lux (1 m)
2500 Lumen
6000 Kelvin
IP54
3 m cable
230 VAC supply voltage

NEW ITEM

Art. 702.006.501
LED work lamp 5000, replaceable battery, 5 color temp.

The Kraftwerk 5000 LED Work Light – Professional Illumination for the Toughest Conditions
Rely on the Kraftwerk LED 5000 when precision and durability are required. This high-performance LED work light sets new standards in efficiency and longevity

- Output: 5000 lumens of light, powered by high-quality SMD LEDs with a lifespan of 100,000 hours.

- Battery: Features a powerful Li-ion battery (14.8V, 5200mAh). Depending on the required light intensity, the operating time can be optimally controlled: 18h / 6h / 4h / 2h.

- This lamp is extremely flexible, as its operating voltage range is 12 V to 24 V.It can be used directly with all batteries and power supplies in this voltage range.

- Light Color: Five selectable color modes (2700K, 3500K, 4500K, 5500K, 6500K).

- Durability: Impact-resistant plastic housing with an IK10 impact rating and IP65 protection class (dustproof and protected against water jets). Can be used in temperatures from -10°C to +40°C.

- Flexibility: Can be operated with interchangeable adapters and batteries from Bosch (AMP), Makita, Metabo (CAS) and Milwaukee.

- Telescopic tripod can be extended to a height of up to 1880 mm

Li-ion battery 14.8V 5200mAh

Art. 702.798.002

Charging cable 20.0V 1.1A

Optimization to the phase-out LED work light 32081C

Luminosity & Versatility:

With 5000 lumens, this lamp offers twice the brightness for professionally illuminating large areas. Thanks to five selectable color temperatures (from warm to daylight white), you can perfectly adjust the light to any situation, whether for precision work or general lighting.

Cordless Freedom:

Work anywhere without being dependent on an outlet. The Kraftwerk 5000 not only runs on its own Li-ion battery but is also compatible with batteries from Bosch, Makita, Metabo and Milwaukee, thanks to special adapters
